4 Listen and read. Find the words and phrases from activity 1.

Hadeel and Aunt Nada were talking in the kitchen.

Aunt Nada Tell me, do you ever cook back home?

Hadeel When I'm at home, I sometimes help a bit. But I'm often out because I do various sports and other activities after school. So I don't know very much about cooking. I should though.

Aunt Nada Yes, if you learn to cook, it'll be very useful later, when you grow up.

Hadeel You're right. I need to learn. Nidal knows much more than me! And if I don't learn, it won't be easy to live away from home in future.

Aunt Nada I'll teach you some simple dishes if you like.

Hadeel Great!

Aunt Nada Let's make lunch for our neighbours, the Masri family. Mrs Masri is sick.

Hadeel Are they the family opposite?

Aunt Nada Yes. How did you guess?

Hadeel The daughter always looks busy. She goes shopping every day, and I often think maybe her mum isn't well.

Aunt Nada You're right. Her father is in hospital, too, so poor young Sameera is looking after them and the four little ones, too. She's only fourteen, like you.

Hadeel That's very hard. How does she do everything?

Aunt Nada Well, the friends and neighbours are helping, and today it's my turn.

Hadeel If something like that happens back home, neighbours don't usually help as much. You seem to have a closer community here.

Aunt Nada Perhaps you're right. If someone is in trouble here, we always feel it's our duty to help. Now, ... there are some chicken pieces in the fridge. Let's cook them and make some salad.

Situation 1: Imagine that your little brother has accidentally poured some tomato juice down his shirt and stained it. What would you do?

If that happened, I would ...

Situation ____: If you did **a)**, the oil and water together would immediately start a huge and dangerous fire. If you did **b)**, that would stop air from reaching the oil, and this would quickly stop burning.

Situation ____: If you did **b)**, this would probably get rid of it, but you would also probably damage the material. You might not get rid of the stain completely the first time if you did **a)**. However, you would not damage the material, and so you could try again if necessary.

Sameera Oh, hello, you're staying opposite, aren't you?

Hadeel Yes, and your name is Sameera, isn't it?

Sameera That's right. Please come in.

Hadeel Thank you, and look, I've brought you lunch. Aunt Nada made it for you – with a little help from me.

Sameera That's really kind! Please come through and have tea. I can make you some Arab-style tea – or I can make you some lemon tea.

Hadeel Oh, thank you! I'd love some Arab-style tea, please.

Sameera Excuse me, I'm going to take Mother some food in bed. Then I'll be back.

A little later.

Hadeel I hear you've got four little brothers and sisters, and you're looking after all of them, too.

Sameera Well, yes, at the moment.

Hadeel I don't expect you get much free time!

Sameera No, not much! And that reminds me, it's midday and I have to fetch the children from their summer camp and give them their lunch. It's a pity because I'm enjoying our chat.

Hadeel Well, we don't have to stop. I suggest we go together, and then we can carry on chatting, can't we?

We set up the new play equipment, and the children love it. That feels good, and we had lots of fun, too.’

2 _____ ‘On Saturday mornings, I volunteer at the local library. There are various jobs which you can do there. For example, you can take books to the homes of disabled people who can’t get to the library. But my favourite is my little reading group. I read stories to young children that I meet every week. They love it, and I really enjoy that. They don’t pay me, but I’m allowed to borrow books instead, and that’s very nice.’

3 _____ ‘There’s always a big natural disaster somewhere in the world. If it isn’t an earthquake, it’s a flood or a hurricane. I can’t go and help, but there’s something else that I can do. I belong to an international organization which sends help to people who are in danger. It collects money for things that disaster victims badly need – things like food and medicine. Then we volunteers put everything into boxes ready to send. At Eid, we also sent toys for children in Africa, and that was nice. It’s good to give to people who have very little.’

1 Look at the picture and read the poem's title. Guess the writer's meaning.

By *The Book of Life* the writer probably means

- a) the diaries which many people write about their lives every day.
- b) the story of our travel through life from the past to the present to the future.

2 Listen to the poem and do these activities. 

- 1 Check your answers to activity 1.
- 2 Read out the lines which describe the picture.

The Book of Life

1 Life is a book in chapters three
 The Past, the Present and the Yet to Be,
 The Past has gone, it could not stay,
 It's in our dreams of yesterday,
 5 Remembered sometimes for its sadness,
 But also for its joy and gladness.
 Live for the Present, live for today,
 So quickly does it pass away.
 Help one another along life's path,
 10 cheer them up and make them laugh,
 For the Past it soon will be,
 Live it now, it's yours you see,
 But what about the Yet to Be?
 It's locked away, ... God holds the key.

Margaret Curtis

3 Listen to understand some new words. Then decide the meanings of these. 

- | | |
|-----------------------------|---|
| Line 2: Yet to Be | a) things that have been happening recently |
| | b) things that are still in the future |
| Line 5: sadness | a) unhappy feeling |
| | b) happy feeling |
| Line 12: it's yours you see | a) it's yours if you can find it |
| | b) please understand that it's yours |

4 Answer these questions.

- 1 Where has the Past gone?
- 2 What should we do in the Present?
- 3 What will soon happen to the Present?
- 4 What does only God know about?

4 Listen and read. Find the words and phrases from activity 1. 

Mrs Qadiri and Waleed were shopping at the fish section in a big supermarket.

Mrs Qadiri How much is the tuna, please?

Assistant It's twenty-five pounds a kilo.

Mrs Qadiri Twenty-five pounds? You're joking!

Assistant No, seriously, that's the price. It's the finest fish that you can buy!

Mrs Qadiri But twenty-five pounds is more than the most expensive meat! Your prices keep going up and up!

Assistant I'm sorry, but we're paying more and more, so our prices to you have to rise, too.

Mrs Qadiri So why is it happening?

Waleed It's because too many fish are being caught, Mum. I'm learning all this at school.

Mrs Qadiri Tell me more.

Waleed Well, all the adult fish are being caught. So young ones aren't being produced. And that means fish populations everywhere have been falling for years.

Mrs Qadiri That sounds terrible. Is anything being done about it?

Assistant Yes, something is being done. In Europe, people are being stopped from catching too many fish now. They're being stopped by the government, and they aren't allowed to go out in their boats as much as they used to.

Mrs Qadiri So does that mean there will be more fish again in future?

Assistant We hope there will – in the end. If not, I'll lose my job!

Mrs Qadiri And will your prices come down?

Assistant We certainly hope they will.

Mrs Qadiri Well, I'm very sorry, but until then, we'll have to go somewhere else and buy something cheaper. Come on, Waleed. Let's go!

1 Work in pairs. Talk about the pictures in the text and on the next page.

- 1 Looking at the pictures on the next page, what changes do you see?
- 2 How long have these changes taken?
- 3 Read the title of the passage. From the three pictures, what seems to be the answer?

2 Read and mark the statements true (✓) or false (✗).

- 1 Many forms of life in the oceans are in danger.
- 2 Fishing is the only cause of the problem.
- 3 Only a few countries agreed to stop catching whales.
- 4 Whale numbers are now rising, but quantities of fish are still falling.
- 5 The writer thinks that fish farms will soon cover the land near the coasts.

Will the oceans live or die?

1 Fish and many other kinds of life, like coral, are disappearing from the oceans fast. There are sad changes everywhere. Near the coast, they are often caused by pollution. Farther out, the cause is often over-fishing. Fishing boats with huge nets catch and kill everything. We risk a terrible man-made disaster – the death of the oceans.

5 But could our recent action to save the whales give us hope? Two centuries ago, whales were already being caught for their oil and meat. By the 1940s, the job was being made easier by modern technology. From the 1950s to the 1980s, they were being caught everywhere and numbers were collapsing. Whole species of whales were quickly being destroyed, and they were not being protected anywhere.

10 Finally, the world took action. In 1985, almost every country agreed to stop catching whales. This means that whale populations are slowly rising again.

Could the same thing happen with fish and fishing? Sadly, almost certainly not. In Europe, people are required to catch smaller quantities now, but almost everywhere else they go on fishing freely – though it is getting harder. They cannot stop: too many hungry people need to eat.

15 Perhaps the only way to save the oceans is the one that our ancestors discovered long ago: farming. There are already many fish farms, and perhaps there will soon be many more along the world's coasts. People say the fish do not taste as good as wild fish. However, that is still much better than losing all the fish in the world.

3 Listen and read aloud.

The World with its Countries

1 The world with its countries,
Mountains and seas,
People and creatures,
Flowers and trees,
5 The fish in the waters,
The birds in the air
Are calling to ask us
All to take care.

These are our treasures,
10 A gift from above,
We should say thank you
With a care that shows love
For the blue of the ocean,
The clearness of air,
15 The wonder of forests
And the valleys so fair.

The song of the skylark,
The warmth of the sun,
The rushing of clear streams
20 And new life begun
Are gifts we should cherish,
So join in the call
To strive to preserve them
For the future of all.

DIARY – WHAT'S ON

10:00, Sunday 9th March: Work starts on the **Garden Project on Western Road.**

Below the text is an illustration of a calendar with a blue cover and a grid showing the month of March.

COMMENTS Updated 02.03.2014

1 Thank you to everyone who came to the meeting last night. All of us on the Committee were very surprised by the large numbers. And we had an excellent discussion, didn't we? We now have a great team of volunteers with lots of energy, 5 so let's get on and do the work. See you all on Sunday! *Jack Hill (Committee Secretary)*

I'm looking forward to Sunday, too, but I must say one thing about the mess on our site: people shouldn't make a mess like that, should they? It's terrible! The ones who did it 10 should be ashamed of themselves! It would be nice if they came to help clean up the place, wouldn't it? *Susie Smith*

If I remember correctly, we've never done a voluntary project like this in New Town before, but I hope it'll be the first of many. We didn't talk about this last night, did we? 15 But perhaps we can next time. Anyway, I'm looking forward to seeing everyone again on Sunday. *Zeinab Hussein*

There's just one problem: We don't have people with the right skills to lead the work, do we? For example, we need a gardener, don't we? And a carpenter to help repair the fence, 20 too. We should make a request on local radio. *Bob Green*

That's a fantastic idea, Bob. I'll make a phone call today and request their help. *Jack Hill (Committee Secretary)*

At the bottom left of the comments section, there is a blue circular button with a white plus sign and the text 'ADD NEW LOCAL EVENT'.

Unit task: Designing and describing a garden.

1 Work in pairs. Do these tasks to design a garden.

1 Choose a real place. (It could be a piece of waste ground or an empty corner of your school grounds.) Use language like this.

Student A *We could use the ground (behind the science lab), couldn't we?*

Student B *Yes, or the area (next to the playground) might be good, mightn't it?*

2 Draw the shape of the garden fence or wall, and show the entrance(s) on your plan. (You must each draw your own copy of the plan.)

3 Discuss the routes of paths round the garden. Add these to the plan.

4 Discuss other things for the garden – trees, flower beds and areas of grass, and perhaps a play area. Use language like this.

Student A *We should have (an area of grass) here (in the middle), shouldn't we?*

Student B *Yes, and it would be nice to have (some flowers) (along the path), wouldn't it?*

Add the things that you agree to the plan.

2 Work in pairs. Plan a project schedule.

1 List the jobs that you will have to do. Make notes.

2 Decide a date to finish the project. Make a note.

Lana What's the matter?

Lisa Well, I didn't do very well in our French test this afternoon.

Lana I didn't, either. But listen, no one got good results, and we all did badly. Everyone says the test was too hard. So come on! Cheer up!

Lisa But there's another thing. It's this weather. I don't like it.

Lana Neither do I. But you have to try to keep smiling.

Lisa How come you're so cheerful?

Lana Well, the weather forecast says that spring is almost here, and I love spring.

Lisa Oh, so do I! I can't wait for sunny days and blue skies again.

Lana Neither can I. And listen, if the weather's better on Saturday, I'd like to go and help at the community garden again. What about you?

Lisa Good idea! I enjoyed working with everyone last weekend.

Lana I did, too. I'm really happy about our new garden.

Lisa So am I. It'll look lovely in three months from now. And do you know what? I'm suddenly in a much better mood.

Lana Good! Now you sound more like the normal Lisa!

Lisa And I'll tell you the thing that really makes me happy.

Bring your personal problems to **Help, World!**
We're all here to help each other!

1 **Dear All**
I'm the oldest of four, and my parents give all their attention to the younger ones. They just ignore me. I'm feeling very down because of that. I love them, so I don't say anything. I just go to my room alone. But I sometimes want to scream! Would it help if I did something dramatic? If I don't do something soon, I'll *explode*!

Upset

10 **a Dear Upset**
As you're the oldest, your parents probably think you can look after yourself. I'm sure they don't think they're ignoring you: they're just very busy. I don't think you should do anything selfish or dramatic since that would just make things worse.

Carrie (Melbourne, Australia)

15 **b Dear Upset**
I really understand your feelings since I've got six small brothers and sisters! But please don't 'explode' as that would just upset everyone. Try my way: talk to your parents. Say, 'I know you love me, but I feel you give me less attention than the other children.' It worked for me, so I'm sure it will for you, too. My parents understood immediately, and they changed completely.

Fuad (Manama, Bahrain)

20 **c Dear Upset**
Your parents aren't the whole cause of the problem. You're part of it, too, because it's very negative to hide in your room. Try to be positive instead and help look after the children. Your parents will love that, and you'll do a lot together. Because of that, they'll definitely stop ignoring you!

Rosa (Madrid, Spain)

Sameera's mother had been sick for several weeks when she finally went to hospital for a big stomach operation. Luckily, it was successful, and she was soon able to get up and walk around. Then one day Sameera called Hadeel from the hospital.

Sameera The doctor's saying that my mum can go home. And they're asking when I can take her.

Hadeel That's just fantastic!

Sameera But it's just so sudden! And they're asking how soon they can have my mum's bed. They're saying they need it urgently for another patient by 2:00 pm, and it's 11:00 am now. They're asking me to take my mum as soon as possible.

Hadeel What's the problem?

Sameera I haven't brought her any clothes! Can I ask a favour?

Hadeel Of course.

Sameera Could you get my mum's clothes? They're on her bed.

Hadeel But I was planning to fetch the children from summer camp for you.

Sameera Could Nidal and Rami do that? And please, could they not be late?

The boys were out, so Hadeel called Nidal.

Hadeel Sameera's mum is coming home today, but she needs my help, and she needs yours, too. She wants me to get her mum's clothes.

Nidal Fine, what does she need us to do?

Hadeel She wants you to fetch the children from summer camp. And she's asking you not to be late.

Nidal We'll go straight there.

An hour later, Hadeel reached the hospital with Mrs Masri's things.

Hospital stories

By Jenan Rashidi

1 Today, I'm visiting a large Palestinian hospital to ask patients how their time there has helped them. And I want to find out how they feel about their experiences and about changes in their lives.

First, I talk to Mrs Amal Masri. She's leaving after a successful stomach operation, and I ask whether she was nervous before she had it. 'I was,' she explains, 'but then I realized that I must
5 just trust my doctor and rely on God. Now I feel I must use my new life well.'

Next, I meet Samar and Anas Rammal. Samar's just become a mother – with twins who were safely born today. I ask if they get worried about the hard work ahead. 'Not really,' she says. 'Right now, we're just very pleased to have two beautiful, healthy babies.'

10 Finally, I see young Osama Yousifi. He lost his lower legs in an accident, and I ask whether he's managed to build a new life with this disability. 'It was hard at first,' he says, 'because I used to do a lot of sport. Without legs, it seemed I'd lost all that. But,' he continues, 'look at the new artificial legs that they've given me today. With these, I'll be faster than most other athletes. I'm really happy that I can live a normal life again!'

15 It's amazing, isn't it? There are so many ordinary people who are so brave, so strong and so full of hope and love. I'm proud to be a human being!
